NEW FLYER OF AMERICA

July 20, 2018

Welcome to Philadelphia!

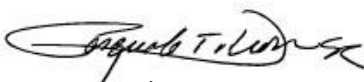

Together with the SEPTA Board and 9400 SEPTA employees, we are proud to host the 2018 PPTA Bus Roadeo and Summer Meeting. We have a wonderful weekend planned for you, featuring the annual competition and celebration of Pennsylvania's best bus and paratransit drivers, plus meetings and events designed to educate and connect transportation advocates and stakeholders.

We hope you'll take time to join us as we showcase some of our favorite spots in Philadelphia and the region, and experience how easy it is to get there on SEPTA! As you travel our system, you'll see that the passage of Pennsylvania Act 89 has made it possible to make needed repairs and advance new initiatives to strengthen our transportation services. Like your own transit system, SEPTA works hard to serve our customers, connect our communities and drive our economy.

SEPTA is proud to be a member of the Pennsylvania Public Transportation Association. We salute the PPTA Board, membership and staff for all they do to support the mission and goals of the organization and our industry. Together, we have a great story to tell, and SEPTA stands with you to communicate, educate and advocate in support of public transportation and the mobility of citizens throughout the Commonwealth.

Again, welcome to southeastern Pennsylvania. Get ready for a wonderful weekend with SEPTA Ambassadors as your guides.

Thanks for coming!

Pasquale T. Deon, Sr.

Monica is from Pottstown, PA and has been an operator for five years and nine months. She currently operates a 14-passenger wheelchair bus. This is her second PPTA Roadeo. Her favorite thing about working in transit is meeting so many different and very nice people. She received Employee of the Month twice, in both 2016 and 2017. Monica says, "I am the type of person who likes to keep things simple. I never sweat the small stuff and I try to help anybody in any way I can. I care very much about family and friends, my job and the clients that I transport. I like the roadeos because I want to see how I measure-up against others in other companies. Mostly it's a lot of fun! There have been many interesting times I've experienced, quite a few interesting clients and these are the main reasons I love my job!"

When I became a driver, I wanted to do the same and represent my company to the best of my ability. I enjoy meeting new people from other companies."

Angela Kanj

EMTA, The "e"

Angela is from Erie, PA and has been an operator for 7 years. She currently operates a 40' bus. Her favorite thing about working in transit is her passengers. She says, "Every day is an opportunity to meet someone new and learn about them. It's always a new adventure. This will be my second time participating in the Roadeo. I had such a great time at my first one. I'm very grateful to be given a second chance to compete. Sometimes as a transit driver, you feel like you're going through the motions and can lose sight of just how important your job is to the cities we work in. During record-breaking snowfall this year, Erie operators were reminded just how important we are. Cars were buried in over 4 feet of snow and most of the roads were closed. It was public transportation that our city counted on and we did not let them down. I would like to thank the EMTA for giving me this opportunity to represent our city in this competition. I would also like to thank my husband and children for always believing in me."

Stan Karge

Luzerne County Transportation Authority

Phoebe has been an operator for 6 years and currently operates a 40' Flyer. This is her first PPTA Rodeo, but she says she was the only person in years to land her inside rear tire on a \$20 bill attached to the track at a school bus rodeo. She says, "I've driven since I was 13 with a track in our apple orchard. I enjoy doing things with a vehicle that most won't do, like tight spots and difficult turns. I think rodeos are fun."

Bill Neumann

Bill is from State College, PA and has been an operator for 4 years. He currently operates an Xcelsior. This is Bill's first rodeo. His favorite thing about working in transit is working with and being able to help people. I have 3 children and 1 grandchild. It is a great privilege and honor to be away from my daily routine and be with drivers from different places to compete in the Rodeo. To compete is a challenge and very exciting experience. Win or lose, victory is always in my heart as I do my best."

David Palukonis
